Please read the instructions and look at the pictures before installing the ProClip.

1. Use the enclosed alcohol pad to clean the area where the ProClip is installed. Peel off the adhesive tape cover on the ProClip. Hook the lower angled edge of the ProClip under the console right side panel by the carpet.

2. inser the enclosed gap opener between the center console panel and the console side panel, to widen the gap. Then with your fingers under the upper part of the the ProClip, flex the upper angled edge over the top of the console top and place the angled edge on the elft side of the ProClip and into the gap in the seam next to the gap opener. Pull out the gap opener.

3. Press down on top of the angled edge of the ProClip to ensure it is all the way into the seam.

4. The ProClip is in place.
